# Overview

An AllSides analysis of Drudge Report found the news aggregator displayed articles from news sources with an AllSides Media Bias Rating™ on the left much more than the center or right.

Overall, 49% of articles displayed on the aggregator's homepage over a two-week period were from media outlets on the left, 26% were from sources in the center, and 10% were from sources on the right. Fourteen percent were from outlets AllSides has not rated.

## AllSides Media Bias Ratings™ of Sources Featured on Drudge Report's Homepage

*Percentage of articles, out of 423, attributed to a source and its rating based on AllSides Media Bias Ratings™. Content collected between April 26 – May 9, 2023. See report for details.*

Based on this analysis, AllSides conducted an [Editorial Review](#) of Drudge Report's content. The Editorial Review also took this analysis into consideration. **As a result, AllSides issued a media bias rating of [Center \(+0.93\) for Drudge Report](#).**

The 2023 AllSides Drudge Report Bias Analysis, conducted from April 26 – May 9, cross-referenced articles curated on [drudgereport.com](https://drudgereport.com) with the AllSides Media Bias Rating™ for each source. AllSides Media Bias Ratings™ reflect the average judgment of all Americans, not just a panel of insiders. Ratings are driven by a balance of input from experts and ordinary people across the political spectrum to reveal the average judgment of Americans. AllSides uses [multiple methodologies](#) to rate bias, including Editorial Reviews and Blind Bias Surveys of

Americans. This report provides details about the Drudge Report analysis methodology and how the analysis avoided bias on the part of the researchers.

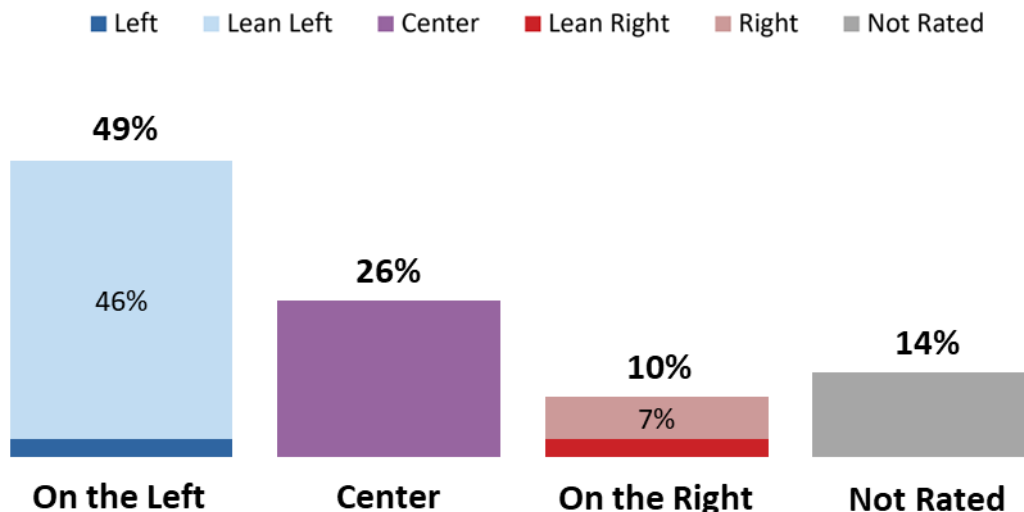

Note that this analysis does not investigate whether the political leanings or biases displayed by Drudge Report are intentional. While it is possible that the political leanings are overtly or covertly intentional, it is also possible they are accidental. These leanings could be a fair reflection of content available online, of the perspectives of the average online user, or of the greater effectiveness one political side has in promoting its perspectives online. Whether Drudge Report should provide a broader or more balanced diversity of perspectives, and whether that would support or hinder a healthier democratic society, is a philosophical or ethical question beyond the bounds of this analysis.

## Summary of Results

AllSides analyzed content that appeared on Drudge Report's homepage over a two-week period from April 26 to May 9, 2023.

On the homepage, **3% of articles were from Left-rated sources, 46% from Lean Left-rated sources, 26% from Center sources, 7% from Lean Right sources, 3% from Right-rated sources, and 14% from sources not rated by AllSides.**

### AllSides Media Bias Ratings™ of Sources Featured on Drudge Report's Homepage

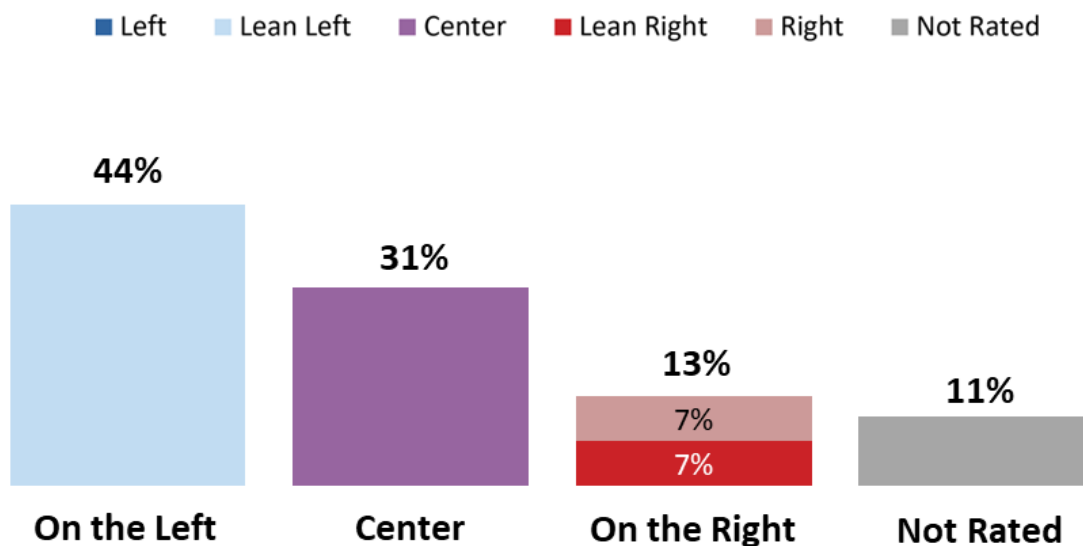

*Percentage of articles, out of 423, attributed to a source and its rating based on AllSides Media Bias Ratings™. Content collected between April 26 – May 9, 2023. See report for details.*

AllSides also analyzed the bias of sources used for Drudge Report's "top story" — articles presented above the fold and above the masthead logo. We found **0% were from Left-rated**

sources, 44% were from Lean Left-rated sources, 14% were from Center-rated sources, 7% were from Lean Right-rated sources, 7% were from Right-rated sources, and 11% were from unrated sources.

## AllSides Media Bias Ratings™ of Sources Featured as Top Story on Drudge Report

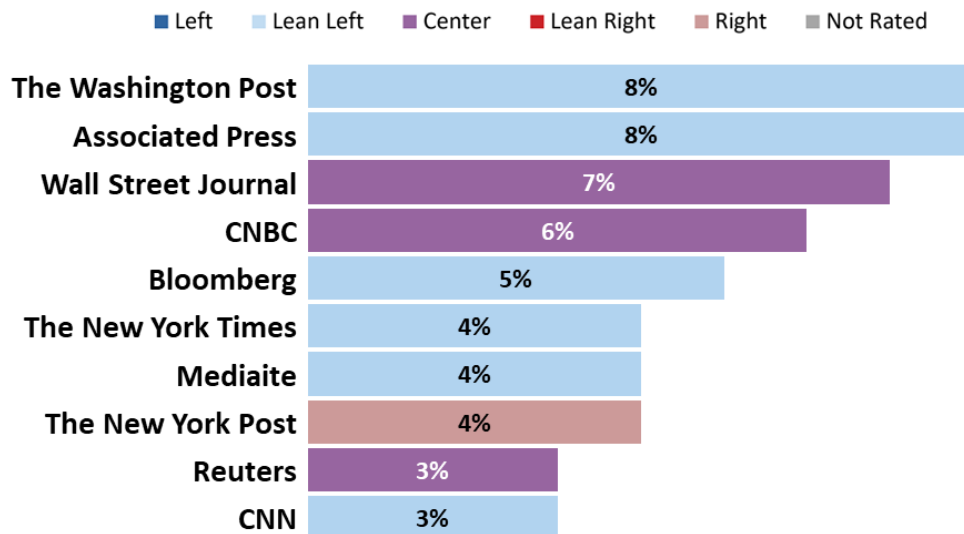

*Percentage of articles, out of 45, attributed to a source and its rating based on AllSides Media Bias Ratings™. Content collected between April 26 – May 9, 2023. See report for details.*

## Top Sources Curated on Drudge Report

The top five sources curated on Drudge Report over the time period analyzed were the [Washington Post \(Lean Left\)](#), [the Associated Press \(Lean Left\)](#), [Wall Street Journal \(Center\)](#), [CNBC \(Center\)](#) and [Bloomberg \(Lean Left\)](#). Only one source on the right appeared among the top 10 outlets displayed on Drudge Report, [New York Post \(Lean Right\)](#).

## Top News Sources Curated on Drudge Report with Corresponding AllSides Media Bias Rating

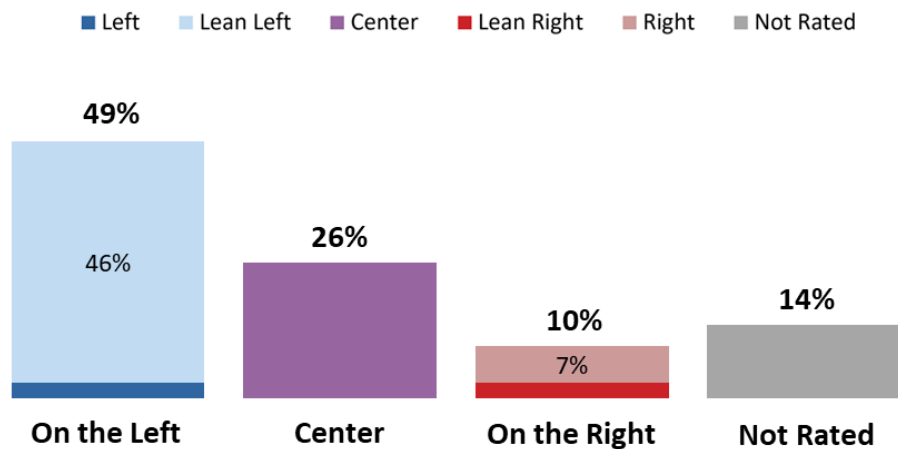

Percentage of articles, out of 423, attributed to a source and its rating based on AllSides Media Bias Ratings™. Content collected between April 26 – May 9, 2023. See report for details.

## Detailed Findings

The AllSides analysis found Drudge Report curated outlets with an AllSides Media Bias Rating™ of Lean Left more than any other media bias rating.

### AllSides Media Bias Ratings™ of Sources Featured on Drudge Report's Homepage

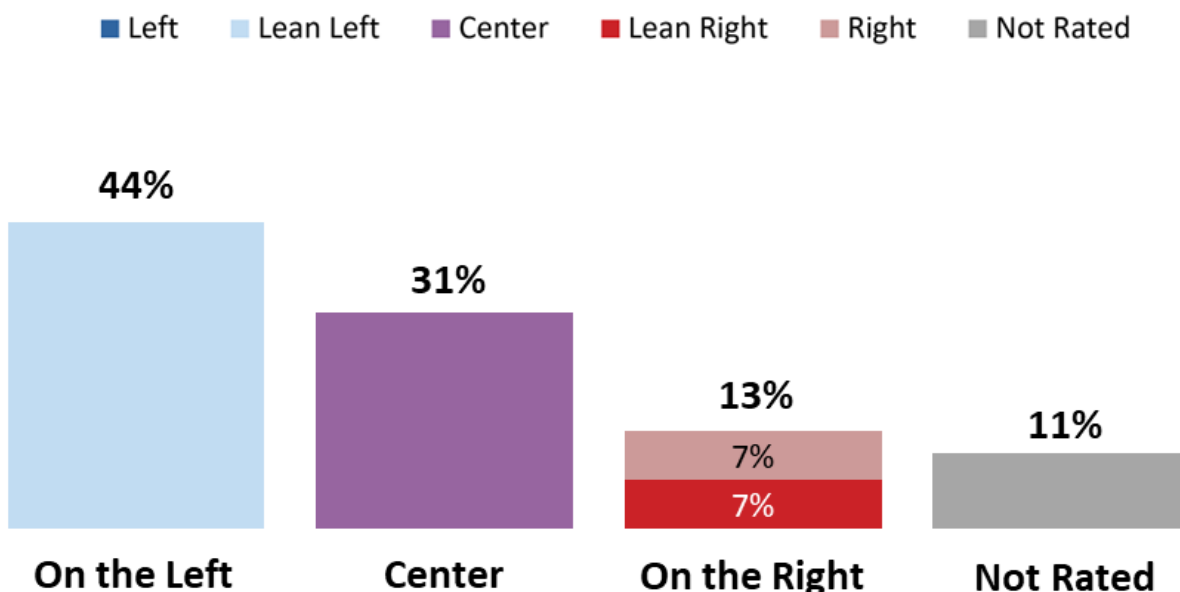

Percentage of articles, out of 423, attributed to a source and its rating based on AllSides Media Bias Ratings™. Content collected between April 26 – May 9, 2023. See report for details.

Three different sections of the Drudge Report website were analyzed to create this report. Details can be found in the report's [methodology section](#).

AllSides also collected the top story or article that appeared on Drudge Report's homepage each day. We define the "top story" or "top article" as the article featured above the fold and above the Drudge Report masthead logo on the homepage each day – Of 45 top story articles collected, zero articles were from Left-rated sources, 44% were from Lean Left sources, 31% from Center sources, 7% from Lean Right sources, and 7% from Right sources. In addition, 11% of articles were from sources not rated by AllSides.

## AllSides Media Bias Ratings™ of Sources Featured as Top Story on Drudge Report

*Percentage of articles, out of 45, attributed to a source and its rating based on AllSides Media Bias Ratings™. Content collected between April 26 – May 9, 2023. See report for details.*

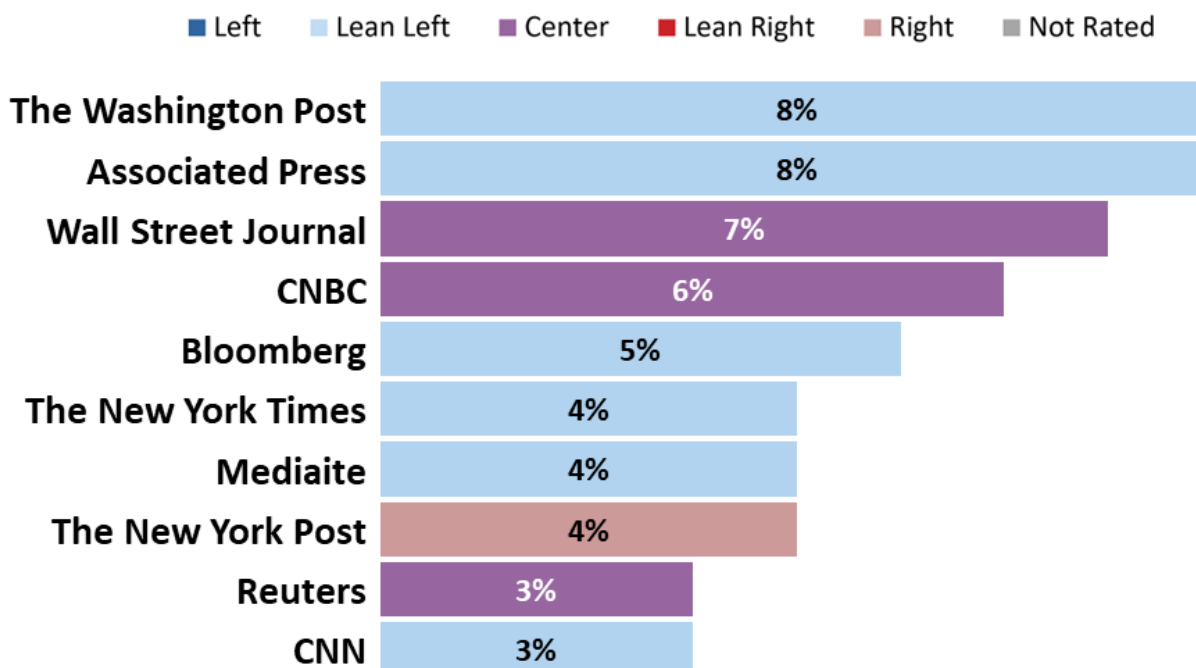

The top 10 headlines on the homepage, which appear below the fold and below the top story, mostly came from Lean Left-rated sources. In total, **4% of the 280 articles analyzed were from Left-rated sources, 45% from Lean Left-rated sources, 27% from Center sources, 8% from Lean Right sources, 3% from Right-rated sources, and 14% from sources not rated by AllSides.**

On some days, several articles appeared above the top article, on the upper left hand side of the homepage. Generally, the stories on the upper left were related to the same subject. In total, 4% were from Left-rated sources, 49% from Lean Left-rated, 22% from Center-rated, 5% Lean

Right-rated, 3% Right-rated, and 15% were from unrated sources. Ninety-eight articles were analyzed from the top of the page, above the featured story.

The top sources curated on Drudge Report were the [Washington Post \(Lean Left\)](#), [The Associated Press \(Lean Left\)](#), [Wall Street Journal \(Center\)](#), [CNBC \(Center\)](#), [Bloomberg \(Lean Left\)](#), the [New York Times \(Lean Left\)](#), [Mediaite \(Lean Left\)](#), [The New York Post \(Lean Right\)](#), [Reuters \(Center\)](#), and [CNN \(Lean Left\)](#).

## Top News Sources Curated on Drudge Report with Corresponding AllSides Media Bias Rating

*Percentage of articles, out of 423, attributed to a source and its rating based on AllSides Media Bias Ratings™. Content collected between April 26 – May 9, 2023. See report for details.*

## Background on Drudge Report

[Drudge Report](#) is a news aggregator website founded by Matt Drudge, a conservative, in 1995. The website provides links to news articles from various sources. The articles generally focus on politics and entertainment. While each link generally leads to a news outlet, some occasionally lead to other sources, such as Twitter, polling websites, and more.

Generally speaking, Drudge Report displays a top story front and center of its homepage, above the fold. Often accompanied by a photo, this story generally includes links to 1-3 different articles about the subject matter.

Above the top story, there are sometimes additional articles linked in the upper left-hand side of the homepage.

Below the top story are three columns, which link to news stories, news outlet homepages, columnists, and more. Occasionally, Drudge Report highlights these stories in red text, seemingly to indicate the aggregator deems it important or breaking news.

Headlines featured on Drudge Report are written by Drudge Report staff; they do not necessarily reflect the wording that appears on the original source article.

Prior to this report, Drudge Report was rated Lean Right by AllSides.

A 2018 Editorial Review of Drudge Report concluded that the outlet had a Lean Right Media Bias Rating. At the time of review, the panel found that the Drudge Report often aggregated stories from outlets AllSides rated as Left or Lean Left, and there was question as to whether the outlet deserved a Lean Left or Center rating. The AllSides panel also noted [sensationalist](#) story choice and language.

Wikipedia includes on its Drudge Report entry a section on “[Controversial stories, errors and questions about sourcing](#).” In 2020, [Fox News \(Right bias\)](#) host [Tucker Carlson argued](#) Drudge Report had become “indistinguishable from... any other woke propaganda outlet posing as a news company.” In April 2020, President Donald Trump [tweeted](#), “I gave up on Drudge (a really nice guy) long ago, as have many others. People are dropping off like flies!”

In 2020, The New York Times (Lean Left) reported that editorial changes occurred before the 2020 presidential election, and that Drudge Report [discontinued](#) much of its alleged pro-Trump coverage. Some still [argue](#) that Drudge Report is among the most conservative news outlets. According to AllSides’ analysis, Drudge Report most commonly displayed news sources with a Lean Left Media Bias Rating.

## Purpose & Methodology

AllSides conducted this comprehensive media bias analysis of Drudge Report to determine the political bias of Drudge Report based on the media outlets from which it curates — not its editorial content, i.e., any bias in its written headlines.

## Content Collection

In the analysis, AllSides collected the stories above the top story (if any), the top story itself, and 10 headlines from below the top story from the leftmost column, from April 26 to May 9, 2023. AllSides pulled these stories twice per day at 10am ET and 5pm ET. Consequently, some of the stories appeared multiple times, and sometimes appeared over the span of multiple days.

The graphic below indicates the three areas from which AllSides collected content from Drudge Report twice per day.

- *Red (at the top) indicates the stories shown above the top story. The number of stories shown here ranged from 0-7 during each content collection session.*
- *Purple (top middle) indicates the top story. The number of articles here typically ranged from 1-3 articles during each content collection session.*
- *Blue (left column) indicates the 10 headlines below the featured story selected. The top 10 headlines were collected during each content collection.*

The screenshot shows the Drudge Report website layout with three distinct areas of content collection highlighted:

- Red (Top):** A box containing a list of headlines, including "1981 REPUBLIC Seized and Sold to SPAIN... Development...", "Fed says don't worry about banks, but why should anyone believe them?", "Power, money, 'fall of bad banks'...", "Investors get on auction road, as tech stocks rally narrow...", "The Air Has Come Out of the Bell...", "Barron's Probability Buzzer 679..."
- Purple (Top Middle):** A large box featuring a black and white photo of Pope Francis and the headline "VATICAN SECRET PEACE MISSION IN UKRAINE". Below the photo is the "DRUDGE REPORT" logo.
- Blue (Left Column):** A column of headlines including "Never-before-seen Chinese military blips caught on satellite images...", "Zelensky's Plan to Defeat Putin And Take Back Crimea...", "British people urged to swear allegiance to king...", "UK's diverse communities ambivalent about coronation...", "Bionic eye restores vision, puts humans in matrix", "Costa Rican anti-biotics offer hope for human medicine...", "Michelle and The O Street Band: Takes stage with Springsteen...", "Leverford and Urubenski east take center stage at Wet Gals...", "Most Anticipated Guest: His Cat?", "PDA: Americans fault media for division nation..."

## How AllSides Made This Analysis as Objective as Possible

In an effort to be as objective as possible in the analysis, AllSides only took the bias of the media outlet into account – not the content of the article itself. For example, any article curated from [The New York Post \(Lean Right bias\)](#) was considered Lean Right, reflecting the outlet's overall AllSides Media Bias Rating™ at the time of the analysis.

AllSides Media Bias Ratings™ reflect the average judgment of all Americans, not just a panel of insiders. Ratings are driven by a balance of input from experts and ordinary people across the

political spectrum to reveal the average judgment of Americans. We use [multiple methodologies](#) to rate bias, including Editorial Reviews and Blind Bias Surveys of Americans. This prevents one elite group or individual from having a disproportionate impact on the ratings.

## About AllSides™

AllSides™ is a media solutions company that strengthens our democratic society with [balanced news](#), [media bias ratings](#), [diverse perspectives](#), and [real conversation](#).

AllSides' balanced newsfeed provides news from the left, center, and right and is powered by over 1,400 AllSides Media Bias Ratings™ that reveal the average judgment of Americans.. AllSides serves news consumers at AllSides.com and provides patented technologies, tools and services — including media bias audits — to media companies, nonprofits, businesses and other organizations. Visit [AllSides.com/services](#).

AllSides provides a platform for a diverse range of perspectives on current events and political issues. This includes presenting news and analysis from multiple viewpoints, including those that may not be represented in mainstream media. AllSides aims to foster greater understanding and dialogue by providing a space where people can learn about and engage with perspectives that differ from their own.

AllSides' mission is to free people from filter bubbles so they can better understand the world — and each other. AllSides [employs](#) a multipartisan team of editors who review and curate news articles from a variety of sources. The articles are then presented side-by-side in a balanced newsfeed that reveals the political perspective of the source.

Since 2012, AllSides has been analyzing the media bias of news outlets using its patented and proprietary systems, providing over 1,400 [media bias ratings](#) for news sources, writers, fact-check organizations, and think tanks. AllSides believes everyone is biased, and that's okay. But hidden bias can manipulate, mislead, and divide us.

AllSides provides Media Bias Audits to news companies interested in discovering their bias and providing more objective, balanced news. Its patented and proprietary system reveals how average Americans perceive the political bias of news reporting, and its multipartisan panel provides recommendations for achieving more balanced news.

In addition to providing news and analysis, AllSides also offers tools and resources for individuals, schools, and organizations interested in promoting media literacy and understanding. This includes the [AllSides Media Bias Chart™](#), [AllSides for Schools](#), [Red Blue Translator](#), and other [tools](#) and [services](#).

## About AllSides Media Bias Ratings™

AllSides empowers you to understand the role media bias plays in the news and information you consume. [AllSides Media Bias Ratings™](#) and the [AllSides Media Bias Chart™](#) help make news bias transparent, allowing you to easily identify different perspectives and political leanings so you can get the full picture and think for yourself.

AllSides Media Bias Ratings™ are based on a scientific, multipartisan analysis, and are meant to reflect the average view of the American public. In other words, they are meant to reflect the average view of people across the political spectrum, not one individual or group.

AllSides believes there is no such thing as [unbiased news](#), and that concealed bias can mislead and divide us. The best approach is to acknowledge and balance this bias, so that people can consider multiple viewpoints and gain a more comprehensive understanding of the world around them.

AllSides assigns a rating of [Left](#), [Lean Left](#), [Center](#), [Lean Right](#), or [Right](#) to each media outlet or writer, as well as a numerical rating using the [AllSides Media Bias Meter™](#), which provides more nuance in each category.

The AllSides patented bias detection and display technology is powered by a combination of the ‘wisdom-of-the-crowd’ technology and statistical research and methodologies. The system utilizes multiple methods for calculating media bias, and combines them for the best results. For each source, the methodology may include:

- **Blind Bias Surveys** — A survey that asks respondents to rate the media bias of a news outlet on a left-right scale without knowing the news source or author they are reviewing. AllSides normalizes these data based on respondent ideology to ensure that the audience reflects the social and political diversity of the nation.
- **Editorial Reviews** — A multipartisan panel conducts in-depth reviews of a media outlet. The Editorial Review Panel includes people from across the political spectrum. During this process, each reviewer independently evaluates and suggests a rating for the source. Then, the group discusses individual findings, shares impressions, and comes to an agreement on the result.
- **Third Party Data** — When available and relevant, data that is conducted by a transparent, credible source may inform AllSides Media Bias Ratings™. AllSides always notes which third-party analyses it has taken to account on the source page for any outlet.
- **Community Feedback** — Visitors to AllSides.com can vote on the rating for any outlet. This feedback does not determine our ratings, but may trigger a deeper review.
- **Independent Reviews** — An AllSides reviewer assesses content and comes to a general conclusion on a source’s bias. This is AllSides’ lowest level of analysis, usually undertaken to give initial, low-confidence ratings.

For more information about how AllSides rated media bias, visit its [media bias rating methods page](#).

5/4 @ 10am	Regional bank stocks continue to slide on Thursday with PacWest leading the way down 40%	CNBC	Center

5/4 @ 10am	<p>The regional banking system is at risk. SVB's depositors' bad weekend woke up uninsured depositors everywhere.... [cont.] The rapid rise in rates impaired assets and drained deposits. Zeroing out shareholders and bondholders massively increased the banks' cost of capital. CRE losses loom. Meanwhile, higher-yield, more user- friendly alternatives beckon @Apple.</p> <p>The @FDICgov failure to update and expand its insurance regime has hammered more nails in the coffin. FRB would not have failed if the FDIC temporarily guaranteed deposits while a new guarantee regime were created. Instead, we watch the dominoes fall at great systemic and economic cost.</p> <p>Banking is a confidence game. At this rate, no regional bank can survive bad news or bad data as a stock price plunge inevitably follows, insured and uninsured deposits are withdrawn and 'pursuing strategic alternatives' means an FDIC shutdown over the coming weekend. And there is no incentive to bid until Sunday after the failure.</p> <p>The GSIBs have an unfair competitive advantage as too big to fail means only their uninsured depositors can sleep soundly. Until the playing field is leveled, the regional banks are at grave risk.</p> <p>Confidence in a financial institution is built over decades and destroyed in days. As each domino falls, the next weakest bank begins to wobble. Until investors are rewarded for betting on a wobbling bank, there will be no bid, and the best sale is the last price.</p> <p>We are running out of time to fix this problem. How many more unnecessary bank failures do we need to watch before the FDIC, @USTreasury and our government wake up? We need a systemwide deposit guarantee regime now.</p>	Twitter – Bill Ackman	Not Rated
