

The AllSides for Schools Teach Current Events Confidently Webinar equips educators with the tools, resources, and confidence to teach current events in a balanced, engaging, and impactful way. Designed to align with professional development goals, this webinar addresses essential skills for educators teaching media literacy, digital literacy, civics, critical thinking, history, and more.

1. Media Literacy Mastery

Educators learn to teach students to evaluate news across the political spectrum, identify bias, and navigate the modern media landscape effectively. These skills are foundational for fostering critical thinkers.

2. Civic Engagement and Dialogue

The program provides practical strategies and tools that promote civil discourse, helping educators create a classroom environment where diverse perspectives are explored respectfully. This directly supports social and emotional learning (SEL) competencies.

3. Standards-Based Approach

Aligned with Common Core and C3 standards, AllSides for Schools offers resources that meet important academic benchmarks.

4. Free, Ready-to-use Tools

Teachers learn to navigate our free tools and lesson plans designed to give students a foundational understanding of bias, polarization, and dialogue across differences.

5. Breaks Filter Bubbles and Depolarizes Classrooms

By exposing students to a wide range of perspectives, AllSides helps educators break down echo chambers, build understanding and reduce polarization both in the classroom and beyond.
